Subject: PowerCore Invitation

Kriston: Thank you for the invitation to be your guest at an upcoming PowerCore meeting. Unfortunately, I'm going to decline the invitation as we specialize in commercial real estate. Therefore, our business development initiatives are industry-focused, not regionally-focused. I spend the majority (if not all) of my networking time at real estate events and meeting with real estate professionals rather than with general business networking groups, such as PowerCore.

However, on another note, we are always looking for new design resources. Upon initial glance of your website, we may work well together. If you have any real estate work (residential or commercial) that you could forward, I would love to take a look at it. Let me know. I look forward to hearing from you. Best, Jenn

Hi Jenn,
Thanks for your email and your note. I appreciate that you took the time out of your busy schedule to let me know.

Yes, we have a few commercial real estate clients. For example, Atlantic Realty Partners is one of our clients. In the past 4 years, we have redesigned their corporate logo, designed logos for neighborhoods (including single family homes, town homes and apartments), under construction signs and billboards. We have designed their company website, websites for their divisions and also a website for one of their communities.

I would be happy to meet with you at your convenience and learn more about your business.

Talk with you soon,

Kriston

The gate opener push is working – see one of my email responses below!

Proof that PowerCore is the best value for my time :)

I've responded and asked for a meeting to learn more about their business

Kriston: Nice websites. Like! We might have a couple of opportunities coming down the pipe for you to provide 1 or 2 website estimates for a marketing proposal that we're doing. I will give you a call once we get to the proposal stage. **Would love to grab lunch one day — you're not far away from me.** Have a great weekend! Best, Jenn
