Cell 770-896-5874

Dear Scot,

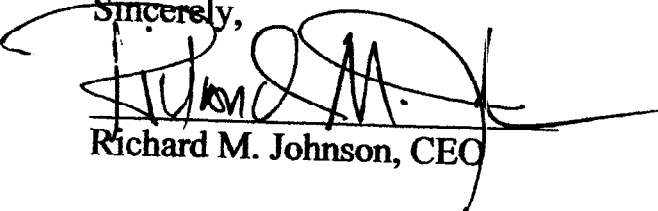

Rick and I wanted to take this opportunity to thank you for your prompt service and especially the outstanding work you did to the new crematory area for the families we serve, as well as, the new Peachtree Pet Crematory and especially the detailed painting that was done to the outside of the building.

You were organized, efficient, and willing to do whatever was needed to get a particular area finished so we could use the area as soon as possible. Also, when we threw last-minute request at you, your cooperative attitude and good cheer were greatly appreciated. The recommendations you made to us also saved money, which we really appreciated.

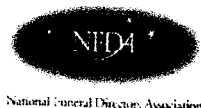

Thanks to your expertise and meticulous attention to detail, the entire staff, as well as, Rick and I feel we have elevated the level of service within our cremation areas for the benefit of the families we have the honor of serving.

We would be more than happy to personally vouch for the professional dedication you gave to each aspect of the work you do for us, as well as your honesty and integrity in the quote you gave us for the job.

Sincerely,

Richard M. Johnson, CEO
