subject: Thanks

I wanted to take a moment to thank you for everything you have done relating to our loan closing. From start to finish, I have appreciated your and Lori's professionalism and your zeal to provide truly outstanding, above-and-beyond type service. Even after the loan closed, helping us track down and obtain the overpayment of the property taxes (we got the check yesterday) was nothing short of exceptional. And the icing on the cake was the gift and thank you card.

I wish I could find more people in the service industry to work with like you!  
Thanks again and God Bless.

David and Amy Seides
