Dear Diana,

Rick and I wanted to take this opportunity to thank you for the efficient and professional manner in which you prepared our 2007 tax returns for the company. You not only prepared the tax returns for the company, you also prepared our personal taxes as well.

You were organized, efficient, and willing to do whatever was needed to get us the best results as the new owners of our family business that was established in 1949.

Thanks to your expertise, Rick and I feel that the recommendations, outstanding attention to detail and unbelievable commitment you gave to us during this process as first year owners, has laid the ground work for us to be successful with this great opportunity we have before us.

We would be more than happy to personally vouch for your professional services. Your reputation for quality is well deserved. We would not think of ever using anyone else but you Diana.

Sincerely,

Richard M. Johnson, CEO
