

GREATER GWINNETT SIGNS

June 21, 2010

Mr. Erik Bescher
Liberty Tax Service
Sugar Hill, GA

I want to thank you again for the excellent service you provided me during my recent IRS experience. Your prompt attention stopped the proceedings and gave us a chance to request the IRS's own records. Using these documents you found the errors in previous returns and filed corrected returns.

You not only eliminated the amount of tax the IRS wanted me to pay, you actually found where the IRS owed me a refund. The sense of relief I felt going from owing several thousand dollars to getting a refund of several thousand was immeasurable.

Rest assured if I ever have any future tax questions, you are my "go to" guy. Should you ever need a professional reference for a potential client feel free to use my name. I would be glad to provide that reference.

Sincerely,
